The terms of reference are as follows:

1. To review the overall R&D activities of the seed institutes and its attached units and provide directions to deal with specific field/industry problems in the mandated areas of the institute. Set priority for silkworm seed research projects based on focus/need based-areas.
2. To evaluate the new research project proposals with clear objectives and milestones in major seed sector disciplines to cater to the need of the silk industry. The project proposals should be well within the mandates of the respective institutes.
3. To review the ongoing and concluded research projects with reference to achievement of the objectives/goals and milestones and to suggest ways and means of utilizing the outcome from the concluded projects for enhancing quality silk production aiming at the wellbeing of the stakeholders.
4. To develop a system to get continuous feedback from the end users for further improvement of seed sector. Upgrade the traditional technology popular in the field.
5. To review and provide necessary guidance for Trial of Technologies (OST/OFT/HAC) and extension programmes of the institute with reference to its techno-economic feasibility etc.
6. To review the organic linkages between Research/Seed Institutes, State Departments and Stakeholders.

7. To review the progress of Human Resource Development through training and proper placement.
8. The tenure of the committee shall be for three years (**6 meetings**), the committee will meet once in six months for one / two days in the Institute. In the absence of the Chairman, the meeting may be chaired by a senior member from the committee.
9. The non-official members are entitled to travel by **Air** in economy class (booked only through govt. authorized agencies such as i) M/S Balmer Lawrie & Company Ltd, ii) M/S Ashok Travels & Tours and iii) Indian Railways catering & Tourism Corporation Ltd only) or second-class A/C by train and are eligible for DA and honorarium as per Central Silk Board Rules.
